

# A Club To Call Your Own.

In 2006, **Choice Medical Group** and **Choice Physicians Network** created the **Senior Kick's Club**, to promote healthy lifestyles through preventive screenings, and camaraderie through social activities and fun events. At **Choice Medical Group** and **Choice Physicians Network** we believe comprehensive medical care, support programs and health related social activities should be ongoing. Choice members enjoy such great resources throughout the year to keep you healthy. Some of the benefits of becoming a **Senior Kick's** Member are: Health Fairs with Preventive Screenings, Yoga Classes with a professional and licensed instructor, Flu Clinics, Ball Games, Trips, Dancing with our Seniors, a dance competition, and a Holiday Party where you can show off your traditional recipes. In addition, you can enjoy discounts at selected stores, and much more. If you are not already a **Senior Kick's** Member now is a great time to join. To become a member of the **Senior Kick's Club** please call us at **760.242.7777**, Ext. **228**. We look forward to having you join our team.
